# Use of Katso will be discontinued on 31 December 2020

- **The use of Katso service will be discontinued on 31 December 2020 – users must change over to the Suomi.fi service**
  - Identification with Katso IDs will be replaced by Suomi.fi e-Identification
  - The roles and authorisations of Katso will be replaced by Suomi.fi e-Authorizations
  - The e-services of agencies that use Katso identification will inform their customers about the change and its timetable in their services
  - Links to agency-specific instructions can be found on the Katso service home page <https://yritys.tunnistus.fi/>

# Use of Katso will be discontinued on 31 December 2020 – How will it affect Katso users?

## Identification:

- As from 1 January, it will no longer be possible to use the Katso ID to identify oneself in e-services
  - Note! Each e-service will have its own timetable for changing over. Links to instructions <https://yritys.tunnistus.fi/>
- Strong identification tokens such as online banking codes, a mobile certificate, an ID card issued by the police or a smart card issued by the Digital and Population Data Services Agency will be required for using the e-services.
- Unlike in Katso, users of Suomi.fi e-Authorizations will not need any separate identifiers
- Persons with the right to represent foreign companies must replace Katso identification with the Finnish Authenticator app

## Katso roles and authorisations:

- As from 1 January, the roles and authorisations in the Katso service will no longer be valid.
- The mandates currently in the Katso service will not be transferred to the new service; they must be separately created in Suomi.fi e-Authorizations
