

INFORMATION SECURITY AUDIT STATEMENT

Date: 30.6.2021
Customer: Fujitsu
Service: DigiSign Client
Auditor: Second Nature Security Oy

Statement:

Independent auditor Second Nature Security Oy (2NS) has audited the information security of the Fujitsu DigiSign Client versions 4.1.4 and 4.2.0. According to the audit, the application has no major vulnerabilities.

About the audit:

The audit methodology was based on industry standards and best practices, such as OSSTMM (Open-Source Security Testing Methodology Manual) and OWASP (Open Web Application Security Project). The audit did not include a full analysis of the implementation of cryptographic protocols in the application.

Time and workload of the audit:

The audit was completed in May 2021 with a workload of 18 man-days.

Auditor:

Second Nature Security Oy (2NS) has audited hundreds of business-critical applications. 2NS has reported and released multiple advisories related to products of, for example, the following companies: A-Link, Buffalo, Checkpoint, F-Secure, HP, IBM, Oracle, SAP, Xerox, Zyxel.
